Please summarize the ways in which your course includes DEI.

No value

Course description is student centered and explains skills and abilities students will gain. Uses an Open Educational Resource text. The course uses a range of diverse methods of instruction in keeping with best practices of universal design for learning (multiple means of representation) Assignments and methods of evaluation provide multiple means of engagement, action, and expression in keeping with universal design for learning. The course builds significant choice into students' participation allowing students to connect source content to their own lives and engage in ways that meet their individual needs. Outline provides opportunities to reflect on systemic inequity. While course materials do not directly (reflect diverse authors, voices, and perspectives, and discuss current debates in the field that are relevant to students, they introduce students to issues of diversity equity and inclusion, including a full chapter on DEI.

Please check all areas in the COR that address DEI.

Please summarize the ways in which your course includes DEI.

No value

Course description is student centered and explains skills and abilities students will gain. Uses an Open Educational Resource text. The course uses a range of diverse methods of instruction in keeping with best practices of universal design for learning (multiple means of representation) Assignments and methods of evaluation provide multiple means of engagement, action, and expression in keeping with universal design for learning. The course builds significant choice into students' participation allowing students to connect source content to their own lives and engage in ways that meet their individual needs. Outline provides opportunities to reflect on systemic inequity. While course materials do not directly (reflect diverse authors, voices, and perspectives, and discuss current debates in the field that are relevant to students, they introduce students to issues of diversity equity and inclusion, including a full chapter on DEI.

Please check all areas in the COR that address DEI.

Please summarize the ways in which your course includes DEI.

No value

Course description is student centered and explains skills and abilities students will gain. Uses an Open Educational Resource text. The course uses a range of diverse methods of instruction in keeping with best practices of universal design for learning (multiple means of representation) Assignments and methods of evaluation provide multiple means of engagement, action, and expression in keeping with universal design for learning. The course builds significant choice into students' participation allowing students to connect source content to their own lives and engage in ways that meet their individual needs. Outline provides opportunities to reflect on systemic inequity. While course materials do not directly (reflect diverse authors, voices, and perspectives, and discuss current debates in the field that are relevant to students, they introduce students to issues of diversity equity and inclusion, including a full chapter on DEI.

Please check all areas in the COR that address DEI.

Please summarize the ways in which your course includes DEI.

No value

Course description is student centered and explains skills and abilities students will gain. Uses an Open Educational Resource text. The course uses a range of diverse methods of instruction in keeping with best practices of universal design for learning (multiple means of representation) Assignments and methods of evaluation provide multiple means of engagement, action, and expression in keeping with universal design for learning. The course builds significant choice into students' participation allowing students to connect source content to their own lives and engage in ways that meet their individual needs. Outline provides opportunities to reflect on systemic inequity. While course materials do not directly (reflect diverse authors, voices, and perspectives, and discuss current debates in the field that are relevant to students, they introduce students to issues of diversity equity and inclusion, including a full chapter on DEI.

Please check all areas in the COR that address DEI.

Please summarize the ways in which your course includes DEI.

No value

Course description is student centered and explains skills and abilities students will gain. Uses an Open Educational Resource text. The course uses a range of diverse methods of instruction in keeping with best practices of universal design for learning (multiple means of representation) Assignments and methods of evaluation provide multiple means of engagement, action, and expression in keeping with universal design for learning. The course builds significant choice into students' participation allowing students to connect source content to their own lives and engage in ways that meet their individual needs. Outline provides opportunities to reflect on systemic inequity. While course materials do not directly (reflect diverse authors, voices, and perspectives, and discuss current debates in the field that are relevant to students, they introduce students to issues of diversity equity and inclusion, including a full chapter on DEI.

Please check all areas in the COR that address DEI.
