1. Tyler Harris– I have approached the President and Vice President of the school to express my comments regarding the Swastika and the things written on the ground in chalk. There is no chalking policy in the school, which we ideally must have. When new groups come and set up tables its totally alright, but what they write in chalk on the ground is their own free speech. I have pictures from the Employee Event of the Admins and they are really worried about free speech. I am not against free speech but I really want people having events to clean up after they are done. That is my main issue. Please make it equal for everyone.
2. John Cognetta – We have initiated a meeting next Wednesday and will be talking about the chalking policy and give out more information about it by talking about where and when can they can do it. For a policy to be changed it needs to go all the way to the district office. We will keep you updated regarding what happens.
