Master Plan Goal = The rate that will be used in the document, this is a rate that the college can achieve year after year. Based on the average growth of the metric, usually set 5% above the average.

Aspirational Goal = The rate the college will work towards to achieve, but is set at a high, aspirational level. Usually set at 7% above the average.

Standard = The rate set at its lowest level that the college would not want to drop below. If it did, it would want to take steps to increase the rate. Usually set 1% below the average. If the current rate is below the average, the standard is set 1 percentage point below the current rate.
