B. Did your program implement any curriculum, program reorganization, etc. changes as a response to changes in College/District policy, state laws, division/department/program level requirements or external agencies regulations? How did the change(s) affect your program?

Change:	No Change
Explanation:	

C. Based on the 2008-09 Comprehensive Program Review, Section I.C. "Main Areas for Improvement", briefly address your program's progress in moving towards assessment or planning or current implementation of effective solutions.

see: www.deanza.edu/gov/IPBT/program_review_files.html, "Program Review Reports, 2009"

Explanation:	There has not been much progress in the areas of budget increase, transportation, facilities, or classified positions to
	improve my program. In order for all of our programs to be successful there needs to be an adequate amount of support
	staff. We need a full-time certificated athletic trainer to accomodate the growing programs. We need a sports information
	director to assist and help with getting information out to the community and public, sending in game and individual scores
	and statistics to the state statisticians. We need our athletic academic advisor's position to increase to 12 months to be able
	to serve our student-athletes during the summer months. The main gym is very outdated and impacted with classes,
	athletics and community functions. A new gym with bleachers on both sides is needed in order to compete with other
	community colleges in the area who are recruiting the same student-athletes. The basketball program has implemented
	SLO assessments and will continue to improve in this area.

D. Career Technical Education (CTE) programs, provide regional, state, and labor market data, employment statistics, please see "CTE Program Review Addenda" at: www.deanza.edu/gov/IPBT/resources.html

Identify any significant trends that may affect your program relative to:

- 1) Curriculum Content;
- 2) Future plans for your program e.g. enrollment management plans.

n/a No significant chan	ges
Impact:	n/a
Explanation:	n/a

E. Career Technical Education (CTE), provide recommendations from this year's Advisory Board (or other groups outside of your program, etc.) Briefly, address any significant recommendations from the group. Describe your program's progress in moving towards assessment or planning or current implementation of effective solutions.
