Student Comments

Mayra

Thank you for helping me out in every way you have done this quarter. You ladies are so kind with me by going out of your way to assure that I get my resources. I'm very grateful that you have been great guidance for me during these difficult times.

Francis

Thank you for providing these services so that I can feel like I am once again living a normal life food and diet wise!

Christina

I've lost my income since March and this has been such a blessing to be able to fill in the gaps from what the food bank gives me. This truly has been a blessing.

Jesus

I've been receiving your aid for a few months and it has been a true blessing. I am saving up for a 4-year college and every penny counts. Although I do work, paying phone bills, insurance, etc. can be a toll on savings, so thank you once again!
