Subject: De Anza Graduates 2010-11 to 2011-12

The tables below provide a comparison of graduates that received a Chancellor's Office approved degree or certificate in the 2010-11 or 2011-12 academic year.

Overall, the results show that graduation rates for students enrolled within the year they graduated have remained stable from 2010-11 to 2011-12.

Table 1. Full-year Enrollment and Graduates

The data shows that 3.54% of students enrolled in 2010-11 graduated within the same year compared to 3.69% of students enrolled in 2011-12. This shows a very small increase in graduates, about .15 of a percentage point.

Students who Graduated Within the Year They Were Enrolled

	Enrolled	Graduated	Percent
2010-11	38,287	1,356	3.54%
2011-12	38,061	1,404	3.69%
