Welcome to Nutrition 62G. This 1 unit class will undoubtedly affect the way you think about dieting and weight loss. We often have complex relationships with food and our body weight. I invite you to have an open mind as you explore the dynamic, powerful and meaningful topics in this course.

Cheers,

*Anna*

**Course Description:** Causes of obesity; evaluation of popular weight control diets and programs and effective methods of weight loss.

**Note:** This course provides applicable information for the person who wants to lose weight or maintain weight loss. It also provides value to professionals such as personal trainers, coaches and nurses who work with people managing their weight.

**Prerequisites:** None

**Required Text:** *Thin for Life* by Anne Fletcher. 2003.

**Student Learning Outcome (SLO):** Analyze weight loss diets, programs and supplements, determining effective strategies for healthy and lasting weight loss.

**CANVAS:** This course resides on the course management system called Canvas. It is accessible from MyPortal. The course will open early on the first day of Fall quarter, 4 weeks before the *official* start of Nutrition 62G. This will give you the opportunity to get a head start on the course content 😊

**IMPORTANT:** Faculty are required **by law** to clear their rosters of "no shows" during the first week. To keep your spot in this class and NOT be identified as a "no show" and therefore NOT get dropped, **log onto the course on Canvas** and complete the following **2 quick and easy tasks by midnight WEDNESDAY night** after the first official day of this Late Start course:

Task #1: Fill out a short questionnaire (*Welcome to Nutrition 62G Survey*). Doing so will earn you 5 points

Task #2: Take a short quiz (*What Do You Know...*) Earns you 5 points regardless of how you answer

⇒ **Students who have not completed both tasks by this date may be dropped.** (Students who add the class late will have 2 days after registering to complete these tasks)

**Nutrition 62G is not a self-paced course.** Although you can start reading the course material early, the tasks need to be completed within the time frame of the course and due dates listed on the course schedule.

If you need accommodations or services due to a disability, register with the **Disability Support Services:**  
<https://www.deanza.edu/dsps/dss/>.

## ORIENTATION QUIZ (5 POINTS)

This 5 point quiz consists of 10 True/False and Multiple choice questions, taken from the information found in the Orientation Module and this syllabus. **It will be open from Monday--the first day of the regular quarter-- until Sunday night at the end of week 1 of the late start schedule.** Students will have up to 60 minutes to take the quiz and 2 opportunities to take it. If you don't get 5/5 at first, try again! The higher score is the one that is kept.

## PRONTO POINTS (5 POINTS)

We will be using Pronto, a real-time communication tool where you can ask questions, send direct messages to me or a classmate, participate on group chats and form private group study sessions. I will share resources, tips and send reminders. Downloading the Pronto app and participating on a Pronto group chat **during the first 2 weeks** of the 8 weeks earns 5 points 😊. **These are NOT extra credit points** - they are points built into the course. Instructions for downloading and using Pronto will be on Canvas.

## COURSE CONTENT QUIZZES (50 POINTS)

- The 6 weekly course content quizzes consist of 10 True/False and Multiple Choice questions
- The time limit for taking the quiz is 20 minutes
- **Students will have 2 opportunities to take each quiz.** The higher of the 2 scores is the score that is kept.
- Each quiz opens Monday morning at 6 am and closes Sunday evening at 11:55 pm. See the Course Schedule (last page of this syllabus) for the dates.
- **There are no make-up quizzes.** If you miss one, that is the score that gets dropped.

## WHAT WILL EACH QUIZ COVER?

<b>QUIZ 1:</b> VL (Virtual Lecture) #1 and reading assignment for Week 1
<b>QUIZ 2:</b> VL #2 and reading assignment for Week 2
<b>QUIZ 3:</b> VL #3 and reading assignment for Week 3
<b>QUIZ 4:</b> VL #4 and reading assignment for Week 4
<b>QUIZ 5:</b> VL #5 and reading assignment for Week 5
<b>QUIZ 6:</b> VL #6 and reading assignment for Week 6

## **ASYNCHRONOUS DISCUSSIONS** (10 POINTS)

4 asynchronous discussions will be open during Weeks 1 – 5. Full participation on one discussion, following all prompts, earns 5 points. The highest 2 scores for Discussions will be kept and the lowest 2 will be dropped. Thus, if you earn 10 points for fully participating on 2 discussions, you don't need to participate on 2 discussions. ALL discussions will close at the end of week 5, Sunday night at 11:55 pm

## **ASSIGNMENT: WRITING YOUR ACTION PLAN** (20 POINTS)

Students will write and submit a personal Action Plan for lifestyle change to achieve weight loss or weight loss management (or for a healthy lifestyle if weight loss is not your goal). The due date is listed on the course schedule towards the end of this syllabus. Late work will be accepted but 2 points will be deducted for late submissions.

## **EXTRA CREDIT REFLECTION** 😊

5 Extra Credit points can also be earned for completing a brief **Written Reflection** in response to a TED talk. This will take place in the last week of the quarter.

### **OTHER IMPORTANT INFORMATION**

- If you need to receive an “A” or a “B” in this class, plan to put in the time and effort needed to be successful. Do not wait until the end of the quarter to act if it becomes evident that you are not earning the grade you need or want.
- Check out the **Student Success Center** on campus. <http://www.deanza.fhda.edu/studentsuccess/>  
This is a valuable, free resource available to you.
- **Tom Nguyen** is the **Biology Division counselor**. He is a great resource available to you. He can be reached through e-mail: [nguyentom@fhda.edu](mailto:nguyentom@fhda.edu)

## **ACADEMIC DISHONESTY**

*Any student found to be cheating or taking part in any other form of academic dishonesty will receive no points or grade for what they cheated on. A few examples of academic dishonesty:*

- Having someone other than yourself take a quiz
- Copying quiz questions to share/receiving copied quiz questions
- Any form of plagiarism
- Giving your academic work to another student to plagiarize
- Lying to an instructor or college official to improve your grade.

**NOTE: The Office of the Dean of Student Affairs & Activities** maintains a record of students who have engaged in academic dishonesty. It is used to identify and discipline students who have been reported for academic dishonesty more than once.

### **SYLLABUS CHANGE POLICY**

Information contained in this course syllabus may be subject to change with reasonable advance notice, as deemed appropriate by the instructor. Should they occur, updates to the syllabus will be posted on Canvas.

## FREQUENTLY ASKED QUESTIONS

**Q. How do I get in touch with the instructor?**

A. The BEST (and fastest) way is to **message me on Pronto**.

You can also drop in during the 4 hours of office hours on Zoom: Every Friday and Monday from 11 am until 1 pm. Not free then? I'll be happy to make an appointment to speak with you on another day and/or time.

Please send a private message to me ONLY for private/personal questions. All questions about the course itself – the quizzes, discussions, the Action Plan etc. should be posted in a **Pronto Chat** or on Canvas on the **Have a Question** Discussion (That way, others benefit from your question and my answer)

**Q. Can I get by without BUYING the textbook?**

A. **Yes!** This book is found in some public libraries (Check your local library) and there is a copy on reserve at the DeAnza library. So no, you don't have to buy the book, **but you DO need to read the assigned sections of the book**. The book is not expensive and is available at the DeAnza bookstore. Additionally, used copies can be found for ~\$10 online

**Q. Do I have to go on a diet or try to lose weight to do well in this class?**

A. **No.** You do not have to change your eating or exercise habits whatsoever while in this class.

**Q. Can I progress in this class at my own pace, as long as I finish everything by the end of the quarter?**

A. **Not exactly.** This late-start course will open 4 weeks early (when “regular” classes open). You will have access to some of the Virtual Lectures, Tasks #1 & 2, Pronto and the Orientation Quiz and the discussions before the official first day. Thus, you can learn the course content at your own pace during those early weeks. **However, the 6 Course Content Quizzes must be taken during the dates within the official 8 weeks of the class.**

Since this course opens 4 weeks before the official start date, why not get a head start?

This will lighten the load during the 8 *official* weeks of this course 😊
